Wee haul guys are just amazing. They picked a Costco order for two study desks on behalf of us and got it home. They are heavy and they got inside home and helped in unpacking as well. Always polite and very friendly, I would recommend them very highly.

They came on time and listened to directions perfectly. They were able to do our couch removal and furniture removal promptly and with no issues at my apt complex. Even went through the rain and thunder at a great price. Would definitely recommend!
